

COOKIE POLICY

This is the Cookie Policy for Epitochem International, accessible from <https://epitochemint.com/>

1. What Are Cookies?

As is common practice with almost all professional websites, this site uses cookies, which are tiny files that are downloaded to your computer or device to improve your experience. This page describes the information cookies gather, how we use them, and why we sometimes need to store these cookies. We will also explain how you can prevent these cookies from being stored, although this may downgrade or 'break' certain elements of the site's functionality.

2. How We Use Cookies

We use cookies for a variety of reasons, detailed below. Unfortunately, in most cases, there are no industry-standard options for disabling cookies without completely disabling the functionality and features they add to this site. We recommend that you leave on all cookies if you are not sure whether you need them or not, in case they are used to provide a service that you use.

3. Disabling Cookies

You can prevent the setting of cookies by adjusting the settings on your browser (see your browser Help for how to do this). Be aware that disabling cookies will affect the functionality of this and many other websites you visit. Disabling cookies will usually result in disabling certain functionality and features of this site. Therefore, it is recommended that you do not disable cookies.

4. The Cookies We Set

- Site Preferences Cookies
- In order to provide you with a great experience on this site, we offer the functionality to set your preferences for how the site runs when you use it. To remember your preferences, we need to set cookies so that this information can be called up whenever you interact with a page that is affected by your preferences.

5. Third-Party Cookies

In some special cases, we may also use cookies provided by trusted third parties. The following third-party cookies may be used on this site:

- Google Analytics
- This site uses Google Analytics, one of the most widespread and trusted analytics solutions on the web, to help us understand how you use the site and ways we can improve your experience. These cookies may track things such as how long you spend on the site and the pages you visit so we can continue to produce engaging content.
- For more information on Google Analytics cookies, please see the official Google Analytics page.

6. More Information

Hopefully, this has clarified things for you. As mentioned earlier, if you're unsure whether you need cookies or not, it's usually safer to leave them enabled in case they interact with one of the features you use on our site.

For more general information on cookies, please read the Cookies Policy article. If you still have any questions or need more information, feel free to contact us through one of our preferred contact methods:

- Email: epitocheminternational@gmail.com
